### Graduates of 1951

My sincere and heartiest congratulations to you, the Class of 1951. It is a fine thing to have so successfully finished your high school course.

There is an absolute necessity in our world today for people who will assume responsibility for the welfare of the human race, everywhere, not just locally, not just nationally, but for the whole human race. There is an acute and immediate need for world citizens.

In your graduating class there are students of various talents. Each must take his or her respective station in life. You as individuals, are responsible for helping others to see that real greatness lies in placing a generous value upon any contribution made by another. A "Do-Democracy" in contrast to "Talk-Democracy" has only just begun to be tried. Although there are many discouragements to be faced in this new concept, it is encouraging to note that not only did the mobs follow dictators, but they also stood quietly by the Sea of Galilee and listened to the new concept of "love thy brother" brotherhood, including all men. One may be a leader today and a follower tomorrow. The mature individual learns to respect wisdom wherever it is found and to recognize good leadership. May the future grant you opportunity and the fulfillment of your hopes and ambitions.

Sincerely yours,

JOSEPH A. HARTMAN  
Superintendent of Schools

Administrative changes this past summer brought Dr. Hartman to Greenville. In him, our school district has found a capable superintendent, while we have found a wonderful friend, one always interested in us and our activities and never too busy for a conference.

## . . . And Principal

To the Class of 1951

Another school year is rapidly drawing to a close as I sit here writing these few words to you.

This is the final year of high school for the some one hundred forty members of your class. We hope that it has been the best year. All four years have been crowded with action. The big question now is, "What next?" The whole world is in a chaotic condition. The Biblical passage, "Ye shall hear of wars and rumours of wars," is true of our time. Bloody battles are being fought in Korea, and our country is feverishly arming for a water conflict. The armed services are calling all of our boys and even some of our girls.

To whatever duty you are called, be it peace or war, go with a steadfast courage to do the right. Your Alma Mater will always be proud of you.

Sincerely yours,  
ARTHUR R. STEWART  
High School Principal

ARTHUR R. STEWART  
B.S., Grove City College  
M.A. Columbia University

During our years in Penn High, we have all become well acquainted with Mr. Stewart, both as guardian of The Law and as an understanding counselor. Virtually every phase of our school life has been controlled through his office. Just this year he has added another duty to his schedule— that of news commentator.

DEAN CROWTHER

A.B., Grove City College

M.Ed., University of Pittsburgh

Guidance is a big thing to seniors. With questions of college and career looming very large in our minds we have found Mr. Crowther's advice and assistance most helpful. Through his many tests we have uncovered our proficiencies, while personal interviews have helped many of us to crystallize our ambitions and intentions.

Alice Wells and Janet Mohr, as well as several other commercial students, have assisted Mr. Crowther by typing reports and checking tests.

Our school's library is a beautiful, newly enlarged building which provides students in almost any field. It is a place where students can go to the library to refer to their recent and reading material, to browse through the new books, and to find a quiet atmosphere. We always had competent librarians ready to lend assistance in unearthing any desired information.

## Saga of the Seniors

Once upon a time there lived in Greenville a group of industrious and enthusiastic young people. They loved life and were quite happy, but unfortunately they were frightfully ignorant. They knew not the glories of good literature, English and Latin were to them but remote and unknown bits of sinister matter. But within them burned the desire for learning and so resolving to do something about their pitiable state of affairs they met together and organized themselves into a group called freshmen.

As freshmen they studied hard and soon were experts on many subjects. Some gained renown in mathematics, others were better in Latin and the sciences. Then, realizing that all work with no play would give them poorly rounded personalities, they set out wanting to risk that fluttered into the social world. They met a most genteel party which featured a star-studded floor show. A great time was had by all, especially Miss Christy, who was presented with a gift of bubble gum by her thoughtful students.

Shortly thereafter the freshmen decided that it was high time they were sophomores and before long most of them had made this change. Whole new realms seemed to open up for them as sophomores. Some carried Penn. Hags with their banners, others marched with the band. For still others there were the Y-chlorides and various other fields of activity. And in most cases there was enough time left to attend a few classes.

Now there were such things as plane geometry and Latin II. Many found a pleasant and relaxing diversion in dissecting frogs and other choice cadavers while a few faked to the Washington School to get an orthographic look at things.

Still, the sophomores were not dormant either. Their tenth grade party was a huge success and increasing numbers of them were making their social debut elsewhere. With filtering steps they were invading the dance floors to practice for the prom, only a year and a half away.

When they became juniors these magnificent informants were only a carrier way up. Their first big step was a contest of papers which was crowned with a triumphant pillow-box stuffing. When at last the first ladies tried on the belted battle, the victors were declared to be Bob Carter, Ron Julian, Howard D. Nelson, Guy R. Ray. Under the capable leadership and wise Miss Phyllis Schumann as adviser, the seniors set out to do great things. They created a society and embarked on a Christmas card sale. The Christmas card sale was a great success but the card sale was not the seniors' trick for a second venture designed to boost the selling coffee. Meeting success with magazines, the Christmas card sale was declared a financial hit and attention was turned elsewhere.

## OUR JUNIOR PROM

Athletes, as always, held their own spot in the foreground. Junior athletes congratulated and celebrated the success of the Team Footballers who captured county honors, and the wrestlers who were awarded the district championship by virtue of their undefeated season.

With the coming of spring, there had not in the junior midst a new egg out of which a full "Chor Boy" - Superbly cast and remarkably well interpreted, the play played in evening at 113 for two week-end houses. The plot concerned the misadventures of a rich boy who was transplanted into the midst of an upstart American family. The struggles of virtue against the environment provided for a spirited comedy with plenty of laughs for all.

The end of the year brought the prospects of a vacation along with a host of tests and a prom. The tests were fun, but even more enjoyable was the prom. After days and weeks spent in expectation and preparation, the big night finally arrived. Dearing their best clothes and manners, the junior girls setled themselves for an evening of dancing and courtship for their gals. When the last notes had died away and the dancers had brushed off the stardust, all agreed that it had been fun.

Returning to their last thing with secondary education the club that now called themselves seniors set up shop in 1938 in the long hallowed and respected senior-staying grounds. Shortly thereafter there was an election of officers the results of which declared Ronald Julian President, Ed Flinn Vice President, Maxine Weaver Secretary and Mary Reigelman Treasurer. Miss Schimmelp was again to be class adviser.

Next in the class agenda was a magazine sale. After a slow start the seniors soon came up east to bring in a new wave of over well over two thousand dollars. An outgrowth of this campaign was the Halloween party given by the girls who showed their superiority as salesmen in a inter-class contest. The school was grooved with students and the party was a long remembered success complete with waltz dancers and a gypsy fortune teller.

It was at this time the class Thespians were called upon to show their artistic side again. This time the play was called "We Shook the Family Tree" and it was funny enough to keep audiences shaking through two performances. The story narrated by the senior actors was of a very dramatic class woman that if she missed the party she would be on a one-way street to spinsterhood. Savatage came but unfortunately it wore knickers and this situation combined with beauty and love letters and in all behaved bass provided a lot of fun for actors and audience alike.

More brought up and gown measurements, tests and plans for the future. Many had college in mind and most of the fellows were aware that military service was almost a certainty. But time marched on and with it much of the student young people coming very near to graduation. There were dances and parties and a perfect time then finally the stage was set for the last act. Commencement they called it and as the time rippled it was a sort of beginning and a turning point. Ahead lay the future, big and uncertain. Behind there were the memories of friends and fun and fellowship.

Moe Weaver, the man with one aim,  
As an artist has risen to fame,  
All day he will draw;  
It becomes the last straw  
When they say that his pictures are tame.

There was a young lady named Doris,  
Whose ice cream concoctions would floor us,  
But once on a dare  
She gave us a scare  
When she poisoned a fellow named Norris.

Miss Moser, the one we call Moe,  
As she glides o'er the ice we may know  
She can do a spread eagle  
And all that is legal  
Till she's scraped off the pond with a hoe.

Carmela, the kid with the laugh,  
Almost cut her finger in half;  
So with needle and thread  
She sewed it and said  
"It's a good thing it wasn't my calf."

Two editors, Mary and Max  
Had to get down to brass tax,  
So with pencil and pen  
They sat down and then  
Proceeded to sharpen the axe.

## Tips on Etiquette

Mary Ann Nelson insists that hot soup should be gargled in the back of the throat. No attempt should be made to hide it in your napkin.

Suzy Neiman states, should you, while carving steak, accidentally skid it into your lap, smile broadly and say, "Think the rain will hurt the rhubarb?"

Dick Shannon admits that spaghetti poses quite a problem, but for a minimum of difficulty, buy yours at the A. & P.

Dora Mae Mowry states that it's quite all right to crack your gum if you do it in definite rhythm.

Myron Bright says that when calling for your prom date, summon her with the horn. The energy thus saved will make you a better dancer.

Dave Williams insists that it is altogether proper for a fellow to walk on the inside. Should a building explode, he would be right there to shield his fair lady.

Hart Mowry says, always rough up the teachers in the halls. It makes them feel they belong.

Barbara Mueller says, should you encounter a new pair of saddle shoes, walk all over them. It will keep the owner from feeling conspicuous.

## Who Put the Sleeping Pills in the Opium

Ho hum! I must have fallen asleep. My watch has stopped. I'll be late for dinner again. Awakening from my catnap I started for the door. Suddenly I glanced up and Dick Stanton, changed past me, had my colored auto. It made my hair wave. I had not time to yell to be helped but had three porters inches long standing end. This was fair. I thought to wonder. Down the road I walked as no man ought my eye. Smiling up I found him to be George Stanton, now a property man, not parking again. The realization of my wandering came forth. I had slept forty years. What a surprise! George, being the better host, offered to show me the sights of town. The first thing to catch my eye was the town square, showing the products of the DeMars and Decker Pickle Factory. Mike, son of the pickle, was everywhere. Across the street the McAdoo Theater was featuring Bert Heaver and his burlesque. The glamorous actress Myra Weaver, co-starring with the great lover, Lewis Mizzio, in Howard Melvin's latest production, "The Ron Julian Story."

Being a good citizen I took my duty to notify my date that I was still around. Walking into the office I was greeted by George Don Kutter and Admiral Ron Clark. After a discussion of politics I found that Senator Cyril Risio had had a spat with the President's wife, formerly Rebecca Roberts, and Governor George Ebbert now in Harrisburg was struggling at the same office. Then I walked out to further my knowledge of town. Looking through the window at McCook's Department Store I saw a television set. Say that twice. Dick Mewers, "His MC in the show," Pete Benson, and Mike Hupst sang a duet after which the general balladina, Marilyn McCook, performed. Next was comedy act by the nation's top comedians, Don Kutter, Don Axell, a news commentator, and a comedian, the show to feature Don's Coda, the new fire chief, the just saved, Albert Stewart, principal of the Lambert and Letter Consolidated School. The chief had jumped from the roof from Bill Webster's helicopter and after rescuing Miss Stewart, jumped from the first hundred and second story into the waiting arms of Floyd Ross.

After forty years my stomach was protesting from the lack of attention. Entering Peterson's Poshy Pic Palace, I recognized some of the famous entertainers. Mary Regelman, she was leading the first women's football team, and to my surprise four of my old friends, Ruth Webster, Ann Axell, Betty McCormack, and Jan Anderson, were star players. Just then a cute little waitress, Joan Stallman, came to take my order. She told me that Joan Belle, one of the famous actresses, was giving a speech that evening in Montgomery Square. Afterwards there was to be a concert featuring Barbara McCook, at the piano, and Conchita Martin with her magic tarp, playing the music of the crowned couple, see Frank Clark. After brushing my mouth, which I was told had been prepared by Pauline Ramsay, interior decorator, I found for my copies I at the Pic Palace. On my way out, Virginia Campbell and Vivian Mowry, models for the Hinkson Model Agency, greeted me with big smiles.

Down the street I met some friends by Bill Johnson and carrying him, Snugglesse, Gloria Beckstone, Tom McKenna, the Market Vets, was only to take out the Mers. Twenty years ago the brave explorers, Merle McChinnas and Dorine Roberts, had first owned this place. Of course these trips wouldn't be possible without the Charles Williams Service Station, located on the western side of the moon. It seems he had become a billionaire by cornering the moonshine market. You know, I've always wanted to go to the moon. So long, folks.

### THE Y'S

Our "Y" class organization is formed to encourage membership and extend throughout the school and community a good standard of Christian character. A major project of these Y's is each year's the sponsoring of "Teen Talks," which are open to all students from ninth grade up.

Throughout the year the H. Y. has a variety of programs, among them some interesting and educational speakers. They continue the practice of showing the popular motion movies, sponsored the Spring Formal, and entertained their fathers at the annual Father and Son Banquet.

The Senior Tr. H. Y. has been very active. Among their most popular meetings were those devoted to the discussion of dating. Their projects included picking baskets for the needy at Thanksgiving and sponsoring the Christmas Bells. They also had a Heart Sister Week and honored their mothers at a tea in the spring.

The Junior Tr. H. Y. sponsored a very successful St. Patrick's Day Dance. They also took up the job the Senior Tr. H. Y. had started by sending baskets of Christmas cheer to the poor.

The Sophomore Tr. H. Y. had an interesting program this year. They had a Heart Sister Week which culminated in a well-attended tea at which all the girls were presented with roses. A play, "The Letter," and an interesting talk on the origin of Christmas Carols were among the other programs of the group.

Among the awards which were bestowed upon members of the high school's "Y" groups was the election of Bob Cantel as president of the District Y Council. He accepted his position in Jamestown last fall and discussed plans for Y activities for the year. Another person to take Penn High credit was Tom Richards who was chosen Captain of the State YMCA Convention in Harrisburg. Representatives from the Tr. H. Y. groups went to Mechanicsville to attend the District Convention. Doris Coda, Nancy Dilley, and Pat Hambley were chosen to attend the State Convention held in Harrisburg. There Doris Coda, who had been elected president at the district meeting, presided over the Conference.

## There's Music in the Air . . .

Music in Penn High School is not only a major activity but also a recognized part of the curriculum. Through our many musical organizations, we have received not only training in music but also an opportunity to make friends and work together.

Our band is a proud representative of Penn High, and our concert choir takes a back seat to none. We have an orchestra, a swing band, a boys' chorus, and a girls' ensemble, all fine musical groups which add enjoyment and color to many phases of school and community life.

And now, in behalf of all these organizations, Mr. Ronald Teare, supervisor of music, takes his bow.

### ORCHESTRA

It is our experience in playing a variety of music of a lighter sort, and that is the main objective of the orchestra. They accompanied the operetta "A Waltz Dream" and enlivened the junior and senior class plays by playing between acts. Five members attended the District Orchestra Festival at Karns City. Senior vesper service and commencement are the last two appearances of the orchestra each year.

Secretly, sinister plans to rid the country of the roistering bridegroom were laid by a former suitor of the princess. The lieutenant, along with the princess's exiled lover, who had returned during the excitement were smuggled out of the country. They managed to overcome their kidnappers and return to the palace.

The excellent acting of the two leads, especially that of the actress, was a splendid help to the opera. He won the princess's hand, and the happy ending was preserved. The general audience, however, had to be made amends to his true love, and the operetta ended on a happy note with the prospect of two weddings.

## Touchdown Parade

As fall rolled around, the call went out for football candidates. On August 17, after physicals and issuing of equipment, the pre-season training started. For two weeks before school opened, the candidates practiced twice a day, five days a week. The Trojans played their opening game against the Blue and Gold on September 1, the first game.

PENN HIGH 27

MERCER 0

On September 8 the Trojans traveled to Mercer to play their first Class A game. They made an impressive opening drive scoring a 64-yard punt return, a 100-yard kickoff, a 75-yard sustained drive in the second quarter, and a 25-yard run after a pass interception helped account for the twenty-seven points.

PENN HIGH 12

HICKORY 13

With one win under their belts, the Trojans went to Swamp Stadium to play the Hickory Hawks. Greenville took a six-point lead in the first quarter after a 42-yard run with the Hawks came back to take a 10-point lead. Hickory started off the second half with a 14-0 lead, and the game went into extra time. The Blue and Gold made a comeback in the fourth quarter, scoring a 40-yard punt return and a 20-yard run, but the Hawks blocked all three attempts by the Trojans to score, and the game ended with Greenville on the losing end.

PENN HIGH 12

OIL CITY 0

The Trojans' last game of the season at Swamp Field was with the Oil City Oilers. The new score board dedicated to the Youth for Christ was used for the first time during this game. The first score recorded on this board was for the Trojans after a 55-yard kickoff return. A second touchdown in the first quarter was blocked, a punt, picked it up, and ran 49 yards for the tally.

PENN HIGH 6

TITUSVILLE 6

The Trojans and the undefeated Titusville Rockets battled to a tie in a hard-fought game at Swamp Field. Greenville scored first on a seven-yard faked reverse but missed the extra point. In the second quarter, the Trojans missed a golden opportunity when they drove to the three-yard line, but the drive stalled when the Rockets intercepted a Greenville pass. Coming back in the third quarter, Titusville scored on a 15-yard run, but the extra point was blocked. In the fourth quarter, Greenville scored on a 12-yard run, but the Rockets blocked the extra point.

The big moment!

PENN HIGH 31

FRANKLIN 6

The annual Homecoming game was with Franklin and in keeping with the season the Toppers ran up the biggest score in the school. The score was 31 to 6. In the first quarter with the home town spirit high, Toppers scored 18 points. With five minutes left in the first quarter the Blue and Gold went wild and Franklin could not meet the fabulous barrage of points. They scored 18 on a 5 yard march, then clocked a punt in the five and scored on a quarterback sneak. For the final tally they intercepted a pass on the 20 and passed for the T.D.

PENN HIGH 26

MILLCREEK 0

They started the second game with the Toppers as they played Millicreek at Stewart Field. They scored three times in the first half on 16 yard, 4 yard and on 11 yard. So yard sustained drives. In the second half they scored the fourth and final tally on a naked reverse from the 14-yard line.

PENN HIGH 7

GROVE CITY 13

Our third football game of the season was the Eagles taking the Penns to a second attempt at the season. The Toppers scored first in the second quarter on a 5 yard march, but a pass. Grove City then scored but missed tying the game when a 10 yard punt was clocked. In the second half the Eagles dove and passed over the game with 12 touchdowns.

When the first half ended, the Cubs had a lead of 10 runs to zero. In the second half, the Pirates took up where they left off, scoring 11 T.D. after a 54-yard drive. ## Wrestling Highlights

When Mr. Berry called for wrestling recruits in December, about eight boys turned out. Preseason training began the students working in pairs and after school each day learning tucks and escapes, losing weight and doing sit-ups to build physical condition necessary for wrestling. Each week set team meets, championships were held to pick the boys who would represent Penn High.

The first practice was at the school and a flying start by beating O. Clay 34-11. Clay was the first of the freshmen. For Greene and Neil Lauman, the first try's of the season for Penn High while Tom Sawyer and Tom Sawyer, Clark Peterson, Roberts, Smith and Hyde all won by decision.

The Greene wrestlers were the twelfth straight to win a twin win point by defeating Eric Strong Vincent 20-4. The first two points came from the first point out Greene and Strong Vincent decided their men to put the Trojans in the corner's time points. Strong Vincent tied it up at 6-6. But the Trojans won by Clay Peterson and Bright. Bright tied the Trojans and had a never lost. The final two points came from Clark Smith's score ended in a draw. The Trojans won 12-6. A victory for the Greenville wrestlers came from the top with 15-6. 24-12. The Greene wrestlers won by Soyle Greene, Lauman, Roberts, Peterson and B. Gedy won by decision.

The Trojans beat the undefeated Grove City Eagles before a record crowd in the Penn High gym. The Greenville gladiators took the lead when Tom Sawyer won by a tuck. Rich Greene and Neil Lauman kept up the spirit by scoring two more wins. Dale Cory and Dan Roberts combined to defeat by picking up two plays. Bright Jackson's score after which B. Gedy chalked up the first test of the evening in 48 seconds of the first period. Heavy weight Ron Hyde took the lead in the victory by a decision. The Trojans then traveled to East Troy where they won 33-5. Lauman, Cory and Roberts chalked up wins with Greene, Chess, Black, B. Gedy, B. tholomew, and Bright helped the Trojan cause by obtaining decisions.

Climbing ropes is just one of the many exercises the wrestlers use in their after-school practices to get in shape.

The Trojans finished with a 12-5 record, including a 7-2 record in the Super Series, and B. Gaddy pointed out that the 12-5 record was a sixteen-point margin. "I don't know if I know the Trojans fifteen more points on decisions for the 31 years."

After four months of athletic sports there was a great response to Mr. Stewart's call for baseball candidates. The season's training was hampered by cold weather and rain, but the team started the season off right by whipping Mercer 13-7. On the whole, their record was unexpected, but as Mr. Stewart says, "It matters not whether you win or lose, but how you play the game."

### VARSITY "G"

To gain admittance to the V. G., a boy must have earned a letter in one of Penn High's major sports. One of the main activities was the setting up of a fund to buy a new piece of equipment for the sports department. The club sold football programs, sponsored a basketball game, and in the spring they held a banquet in the spring.

- 31 Underclassmen's tests begin, and we are alumni now

## JUNE

- 1 Still more tests! Those poor kids!
- 4 It won't be long now!
- 5 Seismograph at the University of California reports slight earth tremors in the vicinity of Greenville! Have fun kids!

The old year is fast slipping back behind us. We cannot stay it if we would. We must go on and leave our past. Let us go forth nobly. Let us go as those whom greater deeds await beyond.
